The Role of Tuition in Catholic Education

As a ministry of Sacred Heart of Jesus Parish, we strive to provide a much-needed service to families in a way that is both charitable and sustainable. In order to continue our educational ministry, it is necessary both to establish and collect tuition in a manner that is both reasonable and efficient, respecting the collegial relationship between parent and academy.

Our academy strives to support a culture of life by making tuition affordable for all families. As such, we have created tuition caps which help make Catholic education available to all families. This means that the cost of education (as detailed below) is significantly more than the tuition assessed.

	Sacred Heart Academy (16-17)	Grand Rapids Public (13-14)	MI Private Schools (15-16)
Annual Expenses	\$8,624/per high school student	\$14,632/student*	
Ave. Annual Tuition	\$6,772/per high school student	\$13,353/student*	\$10,097/student†
Donor Support	\$1,852/ per high school student	* Source: Revenue per pupil reported by the Mackinac Center for Public Policy	†Average tuition reported by privateschoolreview.com. Expense data is private and not available for comparison.

We ask you to prayerfully consider any additional amounts your family can contribute above the base tuition amount. Anything contributed above that amount is fully tax deductible. The donation can be paid upfront or over the course of the year.

Donations are a key part of our school funding and needed to keep our school financially viable. Additionally, because the parish weekly collections help to support the school, an out-of-parish rate is necessary. An incremental \$1,200 is assessed to all families who are not members, consistent with the Diocesan policy noted above.

TUITION CALCULATION Please note any scholarship award information will be loaded into SMART tuition when the award determination is finalized. You must use the designated financial aid process to be considered for any financial assistance.

Enrollment Procedures and Policies:

Open Enrollment for high school only begins on February 1st. The total number of new students accepted by Sacred Heart Academy is determined by the number of available spots on February 1st. Any students who have been granted admission prior to June 1st must have made their initial payment to SMART Tuition –OR– have paid their annual tuition in full by July 1st. Students whose accounts are not paid current as of July 1st will forfeit their enrollment priority status.

Sacred Heart of Jesus Parish on behalf of Sacred Heart Academy reserves the right to pursue collections on any delinquent account. Accounts become delinquent when they are more than 30 days past due. If collections are pursued, any and all collection and attorney fees along with 1.5% fee will be added to any balance owed. Families that elect to transfer to another educational facility prior to the end of the school year will be responsible for the payment of the entire contract amount.

Whenever multiple applicants are in contention for an open seat at Sacred Heart Academy, the following Order of Priority for Admission will be followed. This policy seeks to show proper respect for the applicants and to better allow Sacred Heart Academy to fulfill its mission as a parochial school. First priority will be given to currently enrolled full-time students, next to currently enrolled part-time students, then to registered parishioners of Sacred Heart of Jesus Parish not currently enrolled at the academy, then to out-of-parish families who are not currently enrolled in diocesan schools, and finally to out-of-parish families currently enrolled in diocesan schools. During periods of Open Enrollment (see above) current full-time and part-time students who have not re-enrolled will be considered in their proper place in the latter three categories.

Considerations for "Late" Enrollments:

If space exists, we will consider enrollment of students after the start of the school year. For many subjects, such an enrollment, depending on how late in the year it occurs, can be accommodated without a burdensome level of make-up work. There are subjects, however, which by their nature build throughout the course of the school year. Preparing a new student to effectively accomplish these subjects, such as Latin and Math, may require additional family investments of time and expense proportional to the length of time elapsed in the school year.

I am aware of the policies governing enrollment, tuition, and other expectations adopted by Sacred Heart Academy. I understand these policies and others outlined in the Sacred Heart Academy Family Handbook. I agree to submit the Family Handbook acknowledgment for 2017-18 when available.
